Interests

Listening to music
Meditation

Profile

Self-taught frontend developer and Computer Science student who turns ideas into fast, responsive websites and puts them live. I care about clean code, sharp layouts and finishing what I start.

Experience

Frontend Developer

Freelance

Self-employed, Nairobi

- Design, build and deploy responsive websites from first sketch to live URL on Vercel.
- Shipped six live projects, including a bank, a school, a car dealership and a music PWA.
- Write clean HTML, CSS and JavaScript, tracked with Git and GitHub.
