3. ABOUT ME

I am a Computer Science student and a Web Developer who builds real projects using **HTML**, **CSS**, and **JavaScript**. I write clean codes, shape user interfaces, and refine the details making websites work smoothly. Along side Web Development, I also learn **Cybersecurity**, I learn how to break into systems and also protect systems against potential threat.

4. SKILLS

My skills are divided into two:

Technical:

- ✓ HTML
- ✓ CSS
- ✓ JAVASCRIPT
- ✓ CYBERSECURITY

Tools:

- ✓ Git
- ✓ GitHub

5. PROJECTS

My Portfolio Website:

- Build with HTML, CSS and JavaScript featuring modern styles such as Terminal, and a ring that follows the cursor.
- Link — vyronevra.vercel.app
